BELMONT SUED BY STABLE BOY

Alleging that August Belmont has damaged his reputation as a jockey and prevented him from obtaining work on the race tracks, John H. Freit, an apprentice stable boy, has brought suit in the Supreme Court against the President of the Jocacy Crub for \$100,000.

Freit, through mis lawyers and guardian, David W. Rockmore, alleges that Mr. Beimont, after employing him by written agreement from May 10, 1900, to Oct. 7, 1908, discharged him. Then follows the allegation in the complaint that Mr. Beimont maliciously and with intent to injure the boy's good name, occupation and trade, and to prevent him from securing employment elsewhere, caused the following to be published in the Racing Calendar:

"Exercise boy John Freit, having left the employ of August Belmont, without consent or a written discharge, owners and trainers are hereby warned not to harbor or employ him, and attention is called to Rule No. 152 of the Rules of Racing, which will be strictly enforced." in the Supreme Court against the Presi-

Racing, which will be strictly en-forced. Freit further says that after the pub-lication of the above John Hyland was about to employ him as a rider of his horses, but by reason of the alleged bublication refused.
